

# HOW'S YOUR LUNG HEALTH? CHECK.

**Catching lung cancer early,  
before symptoms start,  
can make it easier to treat.**

More than 14,000 local  
people have already had their  
free lung cancer screening.

Have you had yours?

If you're aged between 55 and 74  
and smoke or used to smoke look  
out for your invitation to attend a free,  
quick and painless lung health check.

Look after your lungs!
